TECHNOPLAST LLP  
*The Quality of Truth*

# A B O U T *Us*

Established in the year 2018, Sattva Technoplast LLP is India's largest Manufacturer and Trader of Flushing Cistern and Toilet Seat cover. The esteemed Soham polymers is our group company. Our offered products are highly appreciated in the market owing to superior finish, on time service, low maintenance cost, easy functionality, and affordable rate. The complete range is manufactured using the High quality virgin raw material and highly developed technology. These products are widely praised in various public sector units and in private sector due to precise dimensions and sizes.

We have appointed conversant professionals, who have enormous experience in manufacturing these products which are analogous to worldwide industry standards. We have our own dedicated laboratory to challenge each and every product manufactured by us, to ensure that our products gives supreme value for money and mind
